young people lead Community resilience

Invitation

Dear Friends and Colleagues,

Magen David Adom in Israel (IMDA) is delighted to invite you to join IMDA's International Youth Seminar, which will take place during the second week of May, **from Sunday 5th to Thursday 9th.**

The subject of this year seminar is "Young people lead community resilience". Through this, we want to encourage youth and young members of the movement to recognize and be aware of the power that they have and can have in the community, in order to foster their active participation within their own communities.

As it is an international seminar, through the workshops and discussions that we will hold during the seminar, you could have the opportunity to share and exchange your ideas and experiences about the impact and relevance of the community roles in societies with people from different places and different backgrounds.

In addition to this, all participants will take part in a conducted tour in IMDA installations, and also conduct a tour at the historical sites in Israel.

The seminar language will be **English**.

IMDA and the ICRC will cover all the expenses inland for participants from each National Society, while the National Society covers the cost of its candidates' flight tickets and health insurance.
